2012 National Leadership Conference**

March 1—3, 2012

**Planet Hollywood
Las Vegas, NV**

**National Child Care Association
2012 National Leadership Conference**

**Spend three information-packed days focused on
your center, your business, & YOU!**

Today's economic environment doesn't leave room for conjecture! Competition from the public sector and unlicensed facilities, coupled, with increased regulations and qualifications and disregard for small business, creates a perfect storm for the private provider.

Attendance is an absolute MUST!

NCCA is proud to create a venue for experts and providers to share and dialogue about the future for private providers. Your attendance will put you in the position to survive and prosper.

What You Don't Know CAN Hurt You!

Ignorance is not an excuse! Running a business and caring for young children are two of the most scrutinized professions. Don't miss this opportunity to make sure you know everything you need to know for the safety of the children and your business.

Barry Moltz—BOUNCE!!!

Economic cycles come and go. We have been here before and survived. Cheer the good times with parties, awards, and trophies. Mourn the bad times but then let go. Barry demonstrates that developing resiliency to “bounce” through these cycles of good and bad times determines who will ultimately succeed. Using real life business examples, he shows that with true business confidence, what actions we can take to face our fears, let go of shame and failures, be better risk-takers and define our own brand of success.
